

MASCOUKLEEN DEGREASER
DESCRIPTION:

MASCOU KLEEN degreaser is powerful and versatile. Its penetrating action removes in a remarkable way various greases, oils and stains on concrete floors, engines and heavy equipment.

MASCOU KLEEN is nonflammable and can be used safely even on hot surfaces. Moreover, **it is biodegradable in 21 days or less** and is perfectly soluble in water regardless of its hardness. **MASCOU KLEEN** contains a corrosion inhibitor to prevent the formation of rust on ferrous metals.

MASCOU KLEEN has no effect on metals, rubber, varnish and paint. Easy to use, it can be sprayed or applied with a brush or a cloth, then rinsed or wiped off. It does not leave any residue and facilitates the preparation of the surfaces to be painted.

INSTRUCTIONS OF USE:

Hard degreasing:	Use pure or dilute with 1 to 3 parts of water	Spray or apply	Rinse or wipe	For engines and wheel rims use pure
General cleaning:	Dilute with 5 to 15 parts of water			-
Various works:	Dilute with 20 to 60 parts of water			Such as countertops, woodwork, Formica, etc.
High pressure:	Dilute with 50 parts of hot water at 80°C	Let work and penetrate for 5 to 10 minutes	Rinse thoroughly under running water	-

TECHNICAL DATA

Physical form:	Liquid
Color:	Yellow
Odor:	Pleasant
PH 2% solution:	13.4
Biodegradability/solubility	Complete

AVAILABLE SIZES

Code	20001	20004	20020
Sizes	1 l.	4 l.	20 l.
